"Kills party entertainment was fantastic, nothing was too much. We had a big variety of music lovers and he managed to balance this really well. No one wanted the music to stop at the end of the night. Defiant alley made my wedding night one to remember"

"Excellent service"

"Killa Party listened to exactly what we wanted, held numerous meetings with us to fully understand what we wanted and delivered on this. He kept the dance floor full all night long and everyone we spoke to had a fantastic evening, people have since asked us if we could obtain a copy of his playlist."

"Gary provided us not only with the reception but also the help and guidance from the moment we booked him until after the event. He helped us both understand the importance of certain aspects and saved us money in the process."

"Fabulous DJ and entertainment, would recommend to people"

"Killa Party Entertainment were absolutely brilliant. It was a no fuss service and everything that we asked for was provided and more. Our DJ, as a surprise, video recorded the service and the first dance. He then put together a compilation of videos and photos of the day and gave it to us as a present"

"Gary Jones was absolutely fantastic! He prepared and edited a wedding video for the guests to watch and photographs were displayed on a huge projector screen for all to see. His presence was commented on by so many guests and his choice of music had everyone dancing right from the start. Fab!!!"
